Pursuant to 37 C.F.R. 1.109 and M.P.E.P. 1302.14, the following is an Examiner's Statement of Reasons for Allowance:

The prior arts of record do not teach a presentation system for distributing presentation content data from content supplying nodes to a plurality of network server nodes. The prior arts of record further do not teach a presentation controlling node and the use of presentation control information for identifying a group of sub-collections of the segments; and segment selector for selecting sub-collections and transmitting the selected sub-collection from the content supplying nodes to a client node.

The examiner considers the applicants' claims 1-45 to be allowable based on the claim interpretation and the aforesaid prior arts of record.
